**Strategic Plan to
End Childhood Lead Poisoning**

A Blueprint for Action

National Campaign to End Lead Poisoning

Recent Policy Achievements:

- ✓ Increasing the budgets for HUD's Office of Lead Hazard Control and Healthy Homes (FY2019) from \$120 million to \$304 million, including:
 - ✓ \$139 million for Lead Hazard Control
 - ✓ \$95 million for high need communities (which includes a set aside \$64 million for 7 high needs jurisdictions to be awarded over three years)
 - ✓ \$45 million to address hazards in public housing
 - ✓ \$25 million specifically related to lead hazards
- ✓ Amending the Lead Safe Housing Rule to conform to the CDC reference level and to require preventive lead risk assessments
- ✓ Allowing for Medicaid funding to include lead hazard control interventions as a covered service under Medicaid/CHIP in the homes of EBL children

National Campaign to End Lead Poisoning

2019 Selected Lead Campaign Activities

- Lead Catalytic Awards: Inaugural Round: 10 grantees received a total of \$255,000. Round Two: 5 grantees received a total of \$130,000
 - Public Health Institute of Western Massachusetts, Springfield, MA
 - PEACH, Durham, NC
 - Home Headquarters, Syracuse, NY
 - GEEARS, Atlanta, GA
 - Memphis Urban League, Memphis, LA
- Lead Summit 2.0
- \$500 million Lead Elimination Action Fund
- Continued Federal, State and Local Policy Advocacy
- Lead Toolkit Release

Lead Funding Toolkit: Origin and Goal

National Campaign to End Lead Poisoning partners cited lack of access to funding as a barrier.

Develop and disseminate a practitioner's guide to identify and access the full array of funding sources for residential lead remediation.

Lead Funding Toolkit Development Process and Results

- Identified Over 40 funding sources supporting lead hazard reduction directly

Public Data Sources

- Potential users, unmet needs, additional data sources

Key Stakeholder Insights

- Real world examples, strategic implementation guidance, and categorize by source and needs

Develop Roadmap

Lead Funding Toolkit Demonstration

Toolkit Elements We Will Examine Today:

- Asset/Gap Analysis Tool and Strategic Implementation Framework
- Traditional (Federal) Funding Tool
- Innovative Healthcare Funding Tool
- LSL Replacement Funding Tool
- Policy Support Funding Tool
- Cutting-edge Funding Tool

Lead Funding Toolkit

N6 : X ✓ fx =M6-(E6*F6)

Type of Activity	# Pre-1978 Housing Units in Jurisdiction	# Lead Service Lines in Jurisdiction	# High Risk* Households	Annual Goal	Average Unit Cost	Current Level of Annual Funding						Current Funding Gap	
						Federal	State	Local	Private & Philanthropy	Healthcare	Other		Total
Lead Safe Renovation												\$0	\$0
Lead Remediation												\$0	\$0
Lead Abatement												\$0	\$0
Lead in Soil Remediation												\$0	\$0
Lead Service Line Replacement												\$0	\$0
Roof Repair												\$0	\$0
Lead Data and Research Projects												\$0	\$0
Lead Prevention Policy Support												\$0	\$0
Total					\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
